

Preparation for videos on **Stoichiometric calculations** (10 points class work 5/2) – Final video on Flipgrid 25 points)-  
**Maximum 2 persons per video - Flip Code: 25ca90**

1. Download the worksheet on Stoichiometric calculations from my website.  
Prepare an appealing drawing of the balanced chemical equation

2. Review the answer sheet to select

- i) one calculation which converts moles to moles (ex q.1)
  - ii) another calculation which converts grams to grams (ex. Q.10)
- Watch the video on you tube to learn how you need to prepare a transcript for your own video.
  - Copy papers and color pencils available if needed. Pick them up from the front,.
